INTERIOR ARCHITECTURE

To whom it may concern

Re: Karisma Joinery Pty Ltd

Our firm has engaged the services of Karisma Joinery Pty Ltd over the past seven years on various projects. These projects range from commercial and retail fitouts to the design and development of prototype furniture.

The key to the success of their company lies in their thorough understanding of the dynamics of the industry and a strong emphasis of the importance in communication between resources and clientele.

We shall continue to utilise the services of Karisma Joinery Pty Ltd based on their performance, integrity and genuine after sales service.

We wish them well in the future.

Yours faithfully

Eva Melchiorson
