

C R I

TO WHOM IT MAY CONCERN

I am pleased to provide this reference on behalf of KARISMA JOINERY PTY LTD.

An important part of CRI's business is the managing of complex office fitouts for major corporate and professional clients. Over the past years we have utilised Karisma's services in the manufacture and installation of quality detailed joinery work, as part of the fitout process.

It is fair to say that their skills, attention to detail and quality service have enabled us to complete many fitouts in very quick timeframes, often under very difficult circumstances.

Recently we relocated our own office twice in a very short period. Karisma provided us with a fast efficient service which on each occasion resulted in a high quality standard of workmanship, accompanied by a willingness and professionalism not often found amongst trades these days.

We would have no hesitation in using their services whenever a project calls for qualities such as professionalism, high standards of finish and reliability.

Yours faithfully
CRI AUSTRALIA PTY LIMITED

PETER A BARNES
Managing Director
